*adult rotation and start time is just a suggestion. Originally, the older adults was 1st in the rotation but the description in the August 2018 training only has young adults and adults listed. As soon as older adults training becomes available we can add it to the rotation. Holding in the spring gives more time to than the fall to fit the longer 14 sessions in the adults program leaving the fall for the children's sessions. Starting in the spring also gives time for planning and implementation after the August training.
